MANAGEMENT DISCUSSION AND ANALYSIS

Results Summary

During the first half of the current financial period, the retail and advertising markets in Hong Kong suffered from a prolonged economic slowdown. According to the monthly retail sales report conducted by Hong Kong Census and Statistics Department, the total retail sales in the first nine months of 2016 decreased by 9.6% in value and 8.3% in volume compared with the same period of 2015. The total sales of luxury products including jewellery, watches and clocks, and valuable gifts declined 21.5% for the first nine months of 2016 compared with the same period of 2015.

The weak performance of retail market, especially the luxury and branded label products, resulted in the decrease of advertising expenditure, which adversely impacted on the Group's overall financial performance during the period under review. This was exacerbated by the shift of advertising expenditure from traditional media to new media. For the six months ended 30th September 2016, turnover of the Group decreased 27% or HK\$18,424,000 to HK\$50,307,000 from HK\$68,731,000 during the corresponding period in 2015. The Group recorded a loss attributable to owners of the Company of HK\$8,793,000 as compared to the loss of HK\$1,833,000 reported in 2015.

Review of Operations

Hong Kong

Turnover for Hong Kong operation, which accounted for 89% of the Group's turnover for the period, reported a decline of 26% or HK\$15,579,000, to HK\$44,717,000 from HK\$60,296,000. Due to the decline in the turnover, the segment recorded a loss of HK\$8,867,000 when compared with a segment profit of HK\$6,087,000 in the previous financial period.

"*Ming Pao Weekly 明周*" ("MP Weekly"), the Group's main turnover contributing business for the Hong Kong segment, was adversely impacted by the weak retail market condition, resulting in advertisers tightening their advertising and promotion spending. The complimentary monthly title published with MP Weekly, "*Ming's*" ("Ming's"), which provides latest trends and styles on fashion, beauty and lifestyle on monthly basis, has made an additional contribution in MP Weekly's overall advertising income during the period.

MP Weekly has been recognised by media associations for its journalistic excellence. During the financial period under review, it has won the Award for Excellence in the Excellence of Lifestyle Coverage category and Honourable Mention in the Excellence of Feature Writing category in The SOPA 2016 Awards for Editorial Excellence organised by The Society of Publishers in Asia.

"*TopGear 極速誌*" ("TopGear Hong Kong") is a leading automobile magazine with international editorial backing, while "*MING Watch 明錶*" ("Ming Watch Hong Kong") is a popular high-end watch title offering quality feature stories and the latest industry trends. Both magazines deliver high standard contents through print and digital platforms to provide readers with multi-media exposure. During the financial period under review, TopGear Hong Kong and Ming Watch Hong Kong reported declines in performance due to the sluggish retail and advertising markets. Besides, TopGear Hong Kong continued to provide contract publishing services to certain premium brands and contributed additional revenue to the Group during the period.

Review of Operations (Continued)

Mainland China

For the first half of the current financial year, turnover of the Group's Mainland China operation amounted to HK\$5,590,000, reflecting a decrease of 34% from HK\$8,435,000 in the corresponding period last year. The drop is also mainly due to the stagnant retail market, especially the luxury and branded label products. The segment loss, however, narrowed to HK\$590,000 from HK\$2,316,000 recorded in 2015, mainly attributed to the Group's rigid cost containment strategies and savings in operating expenses during the period.

"TopGear 汽車測試報告" ("TopGear China") continues to attract Mainland Chinese readers with the latest infotainment and automobile news as well as trends. "MING Watch 明表" ("Ming Watch China"), a quarterly magazine, introduces the latest high-end watch market trends and delivers quality feature stories to Mainland China readers. In the first half of 2016/17, the performance of TopGear China and Ming Watch China have been affected by the slow retail market in China.

Taiwan

The Group expanded its business to Taiwan through launching "TopGear 極速誌" ("TopGear Taiwan"), a monthly automobile magazine, in November 2015. TopGear Taiwan has been well accepted by local readers during the period under review, which allows the Group to build up a media platform across Greater China. At the moment, this is still under the investment stage.

Other Media Investments

Connect Media Company Limited, the Group's joint venture, continued to focus on multimedia channel of advertising business in passenger transportation in the Pearl River Delta region.

MANAGEMENT DISCUSSION AND ANALYSIS *(Continued)*

Outlook

The traditional print media industry has been adversely affected by the weakening retail market in both Hong Kong and Mainland China. Adding to this, fierce competition is expected to continue within the entire media industry, especially the area of new media. Nevertheless, the Group will stay cautious and maintain tight cost control to enhance productivity and profitability. The Group will continue to reallocate resources to further develop the fast growing new media business to cover the decline in traditional business, while at the same time, explore new business opportunities to diversify its revenue stream.

CAPITAL EXPENDITURE

The Group's total capital expenditure for property, plant and equipment and intangible assets for the six months ended 30th September 2016 amounted to HK\$807,000.
